Town of Yemassee
Attn: Administration Department
101 Town Circle
Yemassee, SC 29945-3363
(843)589-2565 Ext. 3
www.townofyemassee.org

The following information shall be included as part of a Building Permit application submitted for review. This checklist is intended to assist in the provision of the minimum documentation necessary to demonstrate compliance with the applicable Building Code regulations. Depending on the proposal, the amount and type of documentation will vary.

New Commercial, Additions/Remodels
1. Building Permit Master Application
2. License Requirement
3. Refuse Disposal Plan
4. Stormwater Erosion Control Affidavit
5. Design Professional Form
6. Mechanical Certifications (if electrical, mechanical, and plumbing work is involved. Due at time of application)
7. Four (4) sets signed and sealed by a South Carolina Architect or Engineer
8. Four (4) sets of the Site Plan or Survey.
9. Special Inspector Registration (if applicable)
10. Payment to the Town of Yemassee, per the Schedule of Rates & Fees
11. Receipt showing payment of Parks & Rec, Roads, Library, Fire & EMS Impact Fees (If property is within Beaufort Co)
Minor Electrical, Mechanical, Plumbing & Gas
1. Building Permit Master Application
2. Refuse Disposal Form
3. Four (4) sets signed and sealed by a South Carolina Professional (depends on scope of work).
4. ASHREA (if adding conditioned space or changing HVAC system).
Docks/Pierheads, Irrigation, Swimming Pool, Spa & Water Features
1. Building Permit Master Application
2. License Requirement
3. Refuse Disposal Form
4. Electrical Mechanical Certificate
5. Four (4) sets of the survey or site plan (only for swimming pool, spa, and water feature).
6. Four (4) sets (only for swimming pool, spa and water feature).
Additional Documentation Requirements for Inspections
1. Foundation survey & compaction slip are required for new structures & additions prior to pouring the foundation.
2. Flood elevation certificate (under construction) prior to foundation inspection. Final Flood Elevation Certificate prior to CO inspection (if construction is located in Flood Zone).
3. Mechanical Certifications (if electrical, mechanical, or plumbing work is involved.) Due prior to subcontractors beginning work at site.
4. Signed & sealed truss drawings, floor TJI's-detail layout, & termite certificate – prior to rough in's & frame inspection.
5. Insulation certificate – prior to insulation inspection.
6. Sewer tap approval inspection or letter from LRWS, State Elevator Inspection (if applicable), DHEC Approval (if applicable), and Final Special Inspector Reports (if applicable) - prior to building final inspection.

Application is hereby made for a permit to perform work as described in this application along with accompanying drawings if required. The information on this application is complete and accurate and I am authorized to submit this application. I understand that all work must be according to approved plan and in compliance with all Town of Yemassee adopted codes and other regulations as applicable. Individuals and entities involved in the construction, repair, or renovation of structures are required to comply with licensing requirements of the State of South Carolina and the Town of Yemassee.

License Requirements

Please read carefully. This form is required at time of application.

Permit Number:

- *Individuals and entities involved in the construction, repair, or renovation of structures including mechanical construction are required to comply with licensing requirements of the State of South Carolina and the Town of Yemassee.*
- *Persons engaging in Business in the Town of Yemassee are required to have current Town Business Licenses.*
- *The contractor is aware that the sub-contractors, also known as independent contractors, which are hired by the contractor to perform services, are not employees. Sub-contractors are required to maintain a valid Town business license and state/local licenses or registrations as applicable when conducting business inside the town limits of Yemassee. This requirement also applies to individuals such as craftsmen or artisans not regularly employed by the contractor, but who are performing work on the job. Code enforcement inspectors will require proof of a current Town of Yemassee business license or proof of employment if an employee.*
- *No deductions shall be made on the permit application by a general or independent contractor for value of work performed by a subcontractor.*
- ***In no case*** *will a permanent service or final inspection (if there is not a permanent service inspection) be processed until all required documentation is submitted to the office.*

I, the undersigned have read and understand the above. I am the contractor in charge or authorized agent for the contractor in charge, or Owner.

Refuse Disposal Plan

You are required to dispose of all construction waste in accordance with related local, state, and federal regulations.

Permit Number:

Site Debris:

- 1. It shall be the responsibility of the permit holder to clean up and remove all construction debris as well as other related material or organic materials prior to receiving a final inspection approval.*
- 2. Waste shall be contained in such a manner as to prevent contamination of any adjacent property by any means.*

Hurricane Protection:

- 1. No permit holder shall allow construction related materials to remain loose or unsecured at a site from 24 hours after a hurricane watch has been issued until the hurricane watch/warning has been lifted. Materials shall be removed from the site or secured in such a manner as to minimize the danger of such materials causing damage to persons or property from weather emergencies.*
- 2. Failure to comply with this section will subject the permit holder to fines in accordance with the Yemassee Town Code*

<p>My signature hereto signifies I am the owner/financially responsible party for job site compliance with the Stormwater Requirements as outlined in the Town of Yemassee Code and the Town of Yemassee Design Standards Ordinance. I hereby acknowledge that Best Management Practices must be used to ensure control of soil erosion on my job site to include, but not be limited to, the following:</p> <ol style="list-style-type: none">1. Installation and regular maintenance of silt fencing using the preferred method of trenching installation on all low/down slope sides of the job site. Silt fence is to have an upslope return at each end no less than 5 feet; and2. Installation and regular maintenance of a stone construction entrance. Stone construction entrance shall consist of a 2 inch to 3 inch coarse aggregate stone. Construction entrance shall be a minimum of 6 inches in thickness, 10 foot wide and extend to the structure or a minimum of 15 feet in length; and3. Removal of mud and sediment from the street or adjacent property(ies) immediately following such an occurrence; and4. Conduct no land disturbing activity within 35 feet of the banks of streams, lakes, wetlands or other water course or water body; and5. Provide temporary vegetation and/or mulch on any exposed areas to provide an effective barrier from erosion within 14 days of inactivity; and6. Install any other measures as deemed necessary by Town Staff, S.C. DHEC Personnel or S.C. DNR.7. All construction site activities must adhere to the South Carolina Department of Health and Environmental Control (SCDHEC) General Permit SC0010000 for Large and Small Site Construction Activities.

WATER AND SEWER AVAILABILITY

Complete both sides of this form if you would like to obtain information on the availability of water and/or sewer service to a location that is currently not served by LRWS, or for changes to the type of service at an existing location.

I am requesting information on the availability of:

(check all that apply) ☐ **Water Availability** ☐ **Sewer Availability** ☐

Please Note:

LRWS makes no representation as to the capacity and pressure to the water demands for the above properties. If large demands or fire flows are anticipated, the developer may contact the engineering department to request a flow test.

LRWS makes no representations as to the capacity or available depth to tie into the sanitary sewer system for the above properties. The developer's site engineer or contractor must perform their own investigation as to the depth, size and material of the existing sanitary main within the street. Sanitary sewer services must be designed in accordance with LRWS Sewer Use Ordinance and SCDHEC Standards for Wastewater Facility Construction (R61.67). Based upon the proposed building and the location and depth of the available sewer, a grinder pump system may be required.

LRWS will provide a written response within 7 working days of receipt of the completed request form.

This is not an application for service. Application for water and/or sewer service may be made at the LRWS Office at 513 Elm St. West, Hampton, SC 29924. Application fees must be paid at the time of application for water and/or sewer service.
