

Town of Yemassee Planning Commission Meeting

May 17, 2011

6:30 pm

The meeting was called to order at 7:00 pm

Present: Beverly Oberholtzer, David Poston, Nathaniel (Shine) O'Banner, Joe Stukes, Harry Bennett and Cynthia Rotunda

Action on Minutes from April 26, 2010: Minutes from April 26, 2011 were approved

The first order of business is the annexation request and updating town maps .

Mayor J.L. Goodwin appeared before the Planning Commission to propose annexation for SCDOT road and road rights-of-way for S-7-3 (Castle Hall Rd) from the present Town limit to US 17A/US 21 (Frampton Rd), US 17/US 21 (Trask Parkway) as indicated in yellow on the enclosed map.

We are going from just below the road that turns off to go to the Old Sheldon Church Rd. That's where Castle Hill Plantation begins. The annexation will run both sides of that road plus the right-of-way. It will run all the way down on Castle Hall Rd. and plus US 17-A and that will go all the way down to Pocatigo to where it runs into 17/21. Make a left and go down to just before William Campbell Rd. It is the highways and the rights-of-way. William Campbell is about 3½miles once you get on 17/21. This goes back to when we annexed Bindon Plantation. We did not access the highways and rights-of-way. In May of 2009, requested annexation from SCDOT, but we were tied up in court and decided to hold off until totally cleared. Now what we need is for Planning Commission to accept this annexation.

Motion to grant annexation was made by David Poston and seconded by Beverly Oberholtzer. All in favor.

Motion to adjourn made by David Poston and seconded by Beverly Oberholtzer. All in favor.
